Tips Tokyo sightseeing guide by scene

Here you'll find tips on city life, travel, and accommodation to help you enjoy Japanese culture, Tokyo's efficient transport, diverse stays, and Muslim-friendly dining options.

Around town (Food & toilets etc.)

● Points to note when eating

Be cautious with Japanese dishes, as many may contain alcohol, pork, or gelatin. Some restaurants provide ingredient lists and offer alcohol-free food options. Additionally, convenience stores offer a variety of affordable Muslim-friendly food choices.

● Other points to note

【Taking Photos】

Taking photos while traveling in Japan can be an enjoyable activity. However, be careful as Japan may have different rules from those of your own country. Respect the rules and regulations of each facility. Avoid running out into the street or stepping into private properties such as residential areas or farmlands. When you decide to upload photos on social media and the like, first pause and consider whether there might be any possible invasion of people's privacy rights.

● How to use the toilet

Many public restrooms in Japan are equipped with wheelchair-accessible toilets and diaper-changing tables, making them convenient for those with mobility needs and families. Many toilets also have a washlet function, which provides added comfort and cleanliness.

【Garbage, Smoking】

Littering, smoking on the street, and smoking while walking are strictly prohibited in certain areas. Throw any trash you may have in the public bins provided, or take it home with you. Smokers should only smoke in designated areas.

No photography

Do not throw rubbish

No smoking

Please check the booklet, "HOW TO ENJOY TOKYO!", for information on manners and customs.

Movement (Transportation)

Train

On public transportation, keep conversations quiet and silence your phone. Turn off your phone completely in priority seating areas on crowded trains. Note that some train cars in inner-city areas are reserved for women during specific hours and days.

Bus

Board buses through the front door and pay upon boarding with cash or an IC card. Check the fare chart for distance-based rates. Keep phones silent and avoid talking. English announcements may be available, but having your destination in Japanese is helpful.

Taxi

Taxi fares in Japan start with a base rate and increase with distance and time. Please sit in the rear seat. Tipping is not expected. Most taxis are clean with automatic doors. Show a Japanese address or your navigation app for easy riding.

Stay

Tokyo has various accommodations, from ryokan and luxury hotels to budget hostels. Capsule hotels are budget-friendly, ryokan are ideal for experiencing Japanese culture, and many hotels have English-speaking staff and free Wi-Fi. At most accommodations, tipping isn't expected and room wear is optional.

Things Muslims Experienced in Japan

Convenience stores had a great selection of snacks and desserts!

Convenience store treats are famous for being delicious. The sheer variety of ice cream flavors is far beyond that of Indonesia, so it was worth checking them out. They even had magazine and newspaper racks.

100 yen shops are great for souvenirs!

100 yen shops have a great product lineup, and the shop was huge. It was fun just being there. The shop also had a rich selection of cosmetics, including makeup, hair accessories, and skin-care products.

PRAY

Scattered across Tokyo, you'll discover an array of Islamic sanctuaries, ranging from grand mosques to intimate prayer spaces run by the city's Muslim community. These sites not only offer a place of worship, but also serve as vibrant hubs where fellow Muslims can connect and exchange ideas as a community in the heart of Japan's bustling capital.

Hear from Muslims Living and Visiting Japan!

TOKYO Town Guide

Tokyo is a multifaceted city. Here you can read about the views of Muslims who have visited 8 must-see sights from 4 distinct districts.

Experience Must-Visit Spots in Tokyo!

CENTRAL TOKYO

The best place to start is from the middle. The city center is packed with modern and traditional places to visit, including Tokyo Station, the Imperial Palace, and more.

Ginza 銀座

Ginza has historically been the place to go for shopping in Tokyo. The main street is lined with huge department stores.

I've always wanted to visit since it's known as the place for brand shopping in Tokyo!

It was easy to go from here to popular spots like the Imperial Palace and Tsukiji. There are many hotels for Muslims nearby, and a convenient prayer space in the central commercial facility.

Major worship facilities around Ginza

➡ Please see page 9

Akihabara 秋葉原

The main street is packed with electronics stores, and the backroads are full of unique experiences.

The holy land of world-famous pop culture like anime, manga, and games!

This is the place to experience the world of anime. There are worship facilities within walking distance from the station, and in the next-door Kanda area, there are many delicious curry restaurants!

Maintaining a vibrant old-town atmosphere

EAST&NORTH

The east and north of Tokyo are still lively with the good-old cultures and traditions of Japan. This is the place for popular spots, including TOKYO SKYTREE®.

Asakusa 浅草

One of Japan's most famous tourist spots. On weekends, it is packed with tourists from Japan and the world.

There are worship facilities and halal restaurants in the area, so you can relax and enjoy the whole day!

There is so much to do, like the famous Kaminarimon, a street lined with shops and souvenirs, Halal wagyu steak and yakiniku, and kimono dress up! The Tourist Center is also conveniently located.

Ueno 上野

When the cherry trees bloom, visitors party beneath petals in Ueno Park before exploring the zoo and museums.

It's the perfect spot for enjoying a lush green park, cultural facilities, traditional markets, or just a stroll.

You can enjoy the night life and Japan's unique nabe cuisine with Halal ingredients. There are hotels for Muslims, so this is a great place to stay and experience Japanese culture.

WEST&SOUTH

This area is ideal for experiencing the vibrant contrasts of Tokyo, from the lively Shibuya and Shinjuku areas to the relaxing waterfronts of Odaiba.

Shibuya 渋谷

Shibuya Scramble Crossing is one of the most famous intersections in the world and always packed!

There was a vivid contrast between the area around Shibuya Station and the serenity of Meiji Jingu!

The facilities in Miyashita Park were a blend of modern and nature, and the view from the roof was stunning! Its only 10 minutes by train from there to the largest Mosque in Japan, in Yoyogi Uehara.

➡ Please see page 12

Shinjuku 新宿

The west side of the station has many high rises, while the east and south are packed with shops.

There are lots of Halal restaurants, including ramen, Japanese food, and hamburgers!

Convenient for shopping and dining, and surprisingly green with parks like Shinjuku Gyoen National Garden. Shin-Okubo Station is also the home of Islam Yokocho, where you can find Halal foods from around the world.

Staying calm and taking the necessary steps

What To Do in an Emergency

This information will help you in the event of disasters such as earthquakes, storms, floods, fires, theft, lost items, and other emergencies.

Earthquakes

●What to do

If you feel shaking from an earthquake, remain calm and take steps to protect your body. Act in an orderly manner; do not panic or run.

●How to protect yourself Indoors

Watch out for objects that may fall or topple over. Stay away from anything made of glass such as windows, TVs, or furniture, and protect your body by crouching under a table, etc. Once the shaking has subsided, make sure the gas is turned off and there are no sources of fire. Open doors or windows so that you can evacuate if necessary. Wear slippers or shoes indoors if there are fallen objects.

Outdoors

Make sure you are not near any objects that may fall or topple over. Protect your head using your bag, etc. If you are inside an underground shopping complex and the power goes out, do not panic or rush for the exit. Instead, wait for the shaking to subside and then move along the walls toward the emergency exit.

●If you are inside an elevator

As soon as you feel any shaking, press the buttons for all of the floors and get off wherever the elevator stops. If you are trapped inside the elevator, use the intercom to call for help. Do not use elevators to evacuate, since you can become trapped inside due to aftershocks or power outages.

●Watch out for tsunamis!

An earthquake may be followed by a tsunami. Stay away from waterfronts and low-lying ground. If you are near the sea, immediately flee toward nearby high ground, a tsunami evacuation building, or a taller structure. Tsunamis can also travel against the current of a river. Flee in a direction perpendicular to the river.

●Watch out for aftershocks!

A strong earthquake may be followed by multiple aftershocks. Be careful, as aftershocks may cause landslides or the collapse of buildings.

Storms/Floods

●Heavy Rain/Violent Storms

Pay attention to weather information. In the event of heavy rain, stay away from rivers and underpasses. If you are near a cliff, watch out for landslides. Be careful not to fall into open manholes or gutters. If you are in an area that is underground or partially underground and there is a danger of flooding, move to a safe location above ground.

●Tornadoes

If you are indoors, close any storm shutters and/or curtains, move away from the windows, and crouch under a sturdy table, etc. If you are outdoors, take shelter inside an underground facility or a sturdy structure made of a material like reinforced concrete, and wait for the tornado to pass.

●Typhoons

Typhoon season runs May-October, peaking July-September. In a typhoon, avoid bodies of water and secure all windows and doors. Check your local evacuation plan in case of severe flooding.

Evacuation Shelters

●What are evacuation shelters?

Evacuation shelters are spaces that temporarily accept and shelter people who have been forced to leave their homes due to a disaster. They also provide disaster-related information and essential supplies like water. Evacuation shelters are usually located inside a public facility such as a school, and accept foreigners.

●Notes on evacuating

When evacuating, travel on foot and take as little with you as possible. Make sure you have valuables such as your passport or residence card, mobile phone, and charger.

●Evacuation signage for different types of disasters

When walking around Tokyo, you will probably notice many signs indicating locations or facilities where you should evacuate. When you are near rivers or the sea, also keep an eye out for signage on how to escape a tsunami.

Emergency Information in Foreign Languages

Online Information

●Safety tips [Multilingual]

A disaster information app for foreign travelers in Japan provided by the Japan Tourism Agency. You can get push notifications for earthquake early warnings and tsunami warnings, as well as emergency weather warnings for heavy rain, etc. and volcanic eruption information issued for Japan. The app also provides a flowchart for what to do during evacuation, helpful links such as a list of embassies, and communication cards to use if you cannot communicate in Japanese.

●Japan Visitor Hotline [Multilingual]

Japan National Tourism Organization (JNTO) operates a visitor hotline 24 hours a day, 365 days a year. Please feel free to call for tourist information or assistance in case of accidents or emergencies.

(24 hours a day)

<https://www.japan.travel/en/plan/hotline/>

In case of theft or loss...

Contact the respective operating company if you accidentally left an item on a train or bus or inside a taxi. Report the matter to the police, who will issue a certificate of theft or loss.

●If your passport is stolen or lost

Contact your country's embassy or consulate to have the passport invalidated and issue an emergency passport or travel document for returning to your home country.

https://www.mofa.go.jp/about/emb_cons/protocol/

●If your credit card is stolen or lost

Immediately call the credit card company's emergency hotline to cancel your card.

ATMs and currency exchange

Although Japan has made progress towards cashless payments, many establishments still prefer cash, so it is best to prepare some yen for when you travel.

●ATMs

Post offices and convenience store ATMs allow you to take out cash with certain credit cards, but not every type of card is accepted. Be sure to research in advance to know which cards are acceptable.

●Currency Exchange

The best place to exchange currency is at international airports. You can also find currency exchange machines and licensed counters in various parts of the city.
